Giving Back

LOVE makes a house a home. There's no better way to show that love than The Young and Brave's #LOVEbeatscancer real estate program.

Prove to your clients you're committed to your business but also the community you share. As a global non-profit organization we understand that cancer has no boundary but fighting together we can win! It takes a village to beat this disease and our real estate program is the perfect way to make your mark. Every single penny donated ensures that no family fights alone.

With an annual commitment of \$250, you instantly become part of The Young and Brave Foundation family. This gives you access to our official logo & marketing one-sheets to show clients that you have partnered with this worthy cause. Your name will also be added to our list of #LOVEbeatscancer agents and offices featured on our website and other media outlets.

With the close of every escrow, refinance, commercial or residential transaction you can directly contribute to The Young and Brave Foundation in honor of your client. We know you're on the go so we've made the process simple. Each time you close a deal, log on to theyoungandbrave.com/real-estate, enter your transaction details, choose your donation level and a thank you letter will be mailed to your clients on your behalf.

Be the change! Get started today.

love makes a
house a home.
