

# Survivor Stories

[www.theyoungandbrave.com](http://www.theyoungandbrave.com)

The Young and Brave Foundation is built on LOVE. Our Survivor Stories, the community its created and the inspiration its produced are another perfect example. After beating cancer much of the healing process comes from sharing your experience; the good, the bad and the ugly. These stories of triumph are crucial for our current cancer WARRIORS. This program is for any survivor to share their voice and a place for our WARRIORS to find their own.

In the midst of a fight on cancer it becomes difficult to process how you or a loved one are going to beat this disease. Time and time again we have seen the importance of information, inspiration and a positive attitude. Let's be honest, there's a lot of days that aren't easy and giving up seems like the only option. We get it, we've lived it and understand the pain. That's why we must understand knowledge is power and the key to combating this global disease.

Wherever in the world you find yourself someone has felt what you're feeling, sensed the defeat but somehow, someway came out victorious against cancer. This is POWERFUL! We all need inspiration, a push in the right direction and that courage to fight just one more day. It takes a village to beat this disease, we're dedicated to making sure not one WARRIOR, family or community fights alone.

## Survivor?

Want to share your story and be part of The Young and Brave Foundation Family? We would be honored to provide that opportunity. Share what you will, there is no "right" or "wrong", only an inspirational story waiting to get out. Your experience will inspire and inform others that need a little help from their friends. We look forward to highlighting your victory against cancer.
