OVERVIEW

Our online WARRIOR profiles are provided for FREE to approved individuals and families. Each profile serves as a single location to share vital information, pictures, stories and fundraise. WARRIOR's family and friends are provided an immediate way to support their loved ones in their fight against cancer, and can share words of encouragement, LOVE and financial support with ease.

WHO WE ARE FOR

There is an alarming lack of resources in the cancer community for children, young adults and their families. We strive to give the young and brave a voice in their battle and empower them while lending a helping hand. These WARRIORS range from newborns to 30 somethings battling all forms of cancer. Often the forgotten ones when it comes to funding and resources, they need our support! Together we can make a difference one family at a time.

WHAT WE ARE FOR

Donations collected for our WARRIORS through their profile go directly to their fight against cancer. Life turns upside down with a cancer diagnosis, but the demands of the outside world don't stop. Donations collected through a WARRIOR profile can be put to use for medical bills, transportation, day to day expenses, rent/ mortgages and anything else the family may need while going through treatment. We created The Young and Brave Foundation because we understand the hardships that can occur when a loved one is fighting cancer. For that reason 100% of all donations made to our WARRIOR and their families go to them.

OUR PROCESS

Potential WARRIORS and their families can be nominated online at www.theyoungandbrave.com/donate/nominate-a-warrior. Once the preliminary form is completed the selected point of contact will be notified within 7-10 business days via email. Once correspondence has commenced an official WARRIOR Application will be either mailed or emailed within 24 hours. Once completed and returned, it will be re-viewed and a decision for inclusion will be made within 2-3 business days. If approved and all proper documentation has been received your WARRIOR Profile will be made active and ready for immediate use. This portal will have a 1-year expiration date. We understand 100% a family and individual's fight against cancer lasts for months, years and sometimes even a decade. Each and every individual profile will be reviewed annually to make an assessment on progress and needs. We are here to fight with you as long as need be! Donations will be made on a monthly basis, via check, mailed to the address provided on your initial WARRIOR application.

OUR FEE

The process is simple and transparent. The Young and Brave Foundation takes not one penny of donations made to our WARRIORS and their families. Our online profiles provide an easy way for families and loved ones to donate directly to their WARRIORS. Online donations include a credit card fee of 2.89%. That fee is deducted by the credit card processing company before the donations reach The Young and Brave Foundation. We also accept mail in donations (please see "Mail-in donations instruction form") with no credit card fees required this elevates the 2.89%. We also have a text to donate feature, each WARRIOR will receive their own "keyword" so that friends and family can text in their donation via smart phone, the same 2.89% credit card fee is applied.

THE OFFER

Once The Young and Brave Foundation connects with our families the process starts immediately. We collect the necessary paperwork and do our due diligence. As paper-work is processed and our new family is accepted, The Young and Brave Foundation goes into action, we fight like hell so you don't fight cancer alone. The only thing we ask of our families, individuals and WARRIORS is to help us spread the word of LOVE and the work we do as a foundation. The more people that know about who we are and what we do, the more families we can help fight this disease.
