Supporting those who
are young, brave, and
battling cancer.

ABOUT

We are designed for one reason only, to help our “Warriors” beat cancer. Standing up for those that shouldn’t stand alone.

The Young and Brave Foundation began from LOVE. In 2010, founders Nathaniel Curran and Matt Coulter were hit with a devastating blow, when a loved one was diagnosed with the unthinkable: cancer. It was a complete shock to all, and no one knew quite where to turn. Not ones to sit on the sidelines, Nathaniel and Matt jumped into action; helping raise money to cover medical expenses, creating community awareness and offering support to their friend in need. It was the fight for life that occurred after the diagnosis that truly opened their eyes to the harsh realities of cancer.

From this experience, Nathaniel and Matt’s passion for helping others was born.

From the beginning, the underlying theme in everything that we have done has been LOVE.

VISION

Creating a community of fighters, survivors and activists unified to beat cancer is our destination.

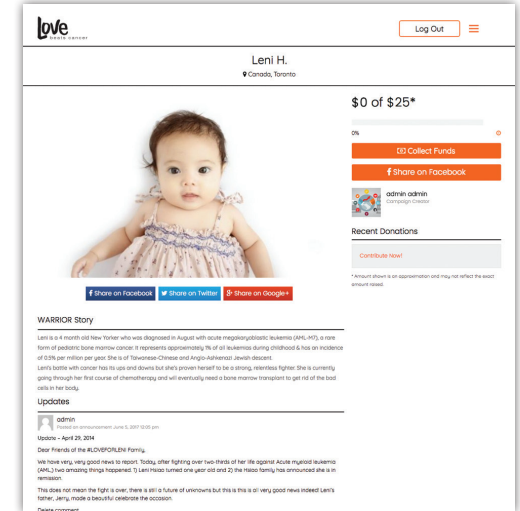

The Young and Brave Foundation is a 501(c)(3) nonprofit organization dedicated to helping today’s youth beat cancer. We aim to help these brave fighters and their families overcome the challenges and hardships brought upon by cancer. Built on the foundation of LOVE, we exist to inspire, encourage, inform, as well as to invest directly into treatment and recovery. We do so through networking, individual fundraising drives, community building, and financial support. Our one goal is to stand up and fight cancer for those that shouldn’t have to stand alone.

WARRIORS

100% of all donations made through our “warrior” profile pages go directly to their individual fight against cancer.

You or a loved one have received the unthinkable diagnosis of cancer, been referred to the specialist, your physician has developed the best plan of attack and so the journey begins. This journey however is more than just medicine, it involves emotional support, LOVE, prayer, and at times monetary assistance. Cancer in every detail is an overwhelming experience, which is exactly why we have created the “Warrior” profile pages.

The Young and Brave Foundation believes in you and your right to fight like hell.
