## MISSION

The Young and Brave is a 501(c)(3) nonprofit established to create a community of support for the families of children and young adults during their battle with cancer.

The Young and Brave Foundation is dedicated to helping children, young adults, and their families overcome the challenges and hardships of a cancer diagnosis. Our Foundation donates financially to Warriors and provides a place for them to fundraise through our online platform. The Young and Brave seeks to provide a community of support, awareness and encouragement for our Warriors.

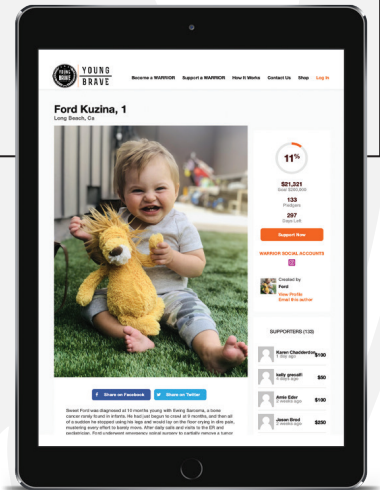

From the beginning, our goal has been to provide love and support to our community.

## WARRIOR PROGRAM

Financial support going directly to those in need.

Our Warrior program is provided for free to all families fighting cancer across the country. Once a profile is created and approved, warriors and their families are provided an immediate way to fundraise, relay information about their fight, and create community awareness. Potential Warriors and families can get started at [Theyoungandbrave.com](http://Theyoungandbrave.com) or [Youngbrave.fund](http://Youngbrave.fund). Once the Warrior profile is active, it's immediately ready to accept contributions. Together we can make a significant impact, one family at a time.

## YOUNG BRAVE APPAREL

The perfect way to show your support.

The Young and Brave apparel represents our commitment to those who are young and battling cancer. Your purchase of these goods gives the foundation the opportunity to exist. It provides the resources to help give these warriors the the financial aid and love that they need. Visit our online store today! #YoungBrave
